PREFACE

This list of *Great Britain Author Headings*, originally designed to be published by the Union Catalog of the Library of Congress as a companion list to *United States Author Headings*, 1936, remained in manuscript for several years because of lack of publication funds. Its appearance in the *Catalog of Books Represented by Library of Congress Printed Cards* is due to the request of the Association of Research Libraries committee for the publication of that catalog. It was recognized that entries under the heading *Great Britain* are numerous and complex, and that the inclusion of a list of author headings under *Great Britain* would materially assist the user of this catalog by serving as a guide to the established Library of Congress form of entry.

Originally compiled for the use of the Union Catalog staff engaged in the task of revising and filing entries under *Great Britain*, this list should, like its companion list, prove valuable to other users of the Union Catalog who are uncertain as to the correct entry for British documents as well as to librarians who may use it as a filing guide.

The list contains entries of three kinds, namely: headings established by the Descriptive Cataloging Division of the Library of Congress, additional headings from other libraries represented in the Union Catalog, and cross references.

The first group contains main and secondary entries appearing on printed and typewritten cards prepared by the Library of Congress. For this reason, attention is called to the fact that all of the headings in this list will not be found as "main entries" in the *Catalog of Books Represented by Library of Congress Printed Cards*. Furthermore, this list incorporates additions and revisions of Library of Congress headings established through 1943, whereas July 31, 1942 was the closing date for the *Catalog*.

The headings from other libraries are those used as main entries for titles sent to the Union Catalog and are indicated by the standard library symbols.

The cross references in the list are intended to supplement the references on cards which appear in the *Catalog*.

Errors and inconsistencies found in the list should be reported to the compiler so that they may be corrected in a later edition.

Much credit for improvements in the form and content of the list is due to Miss Marian A. Brooks, Head of the American and British Law and Documents Section of the Descriptive Cataloging Division and Mr. Lewis Coffin and Miss Maud Storey of the Union Catalog staff.

George A. Schwegmann, Jr.
Director, Union Catalog.

NOTE

Parliamentary Papers by Command

For the convenience of the users of the Catalog, an extra set of the cards for the Parliamentary Papers by Command has been included in the arrangement. The cards are arranged by series and number, and will be found in vol. 59, pages 142-516.
